

A modern, minimalist shower enclosure is the central focus. It features a glass door with a dark metal handle and a built-in shelf on the left side. The shelf is illuminated from below and holds various bathroom items like soap, a brush, and bottles. The shower floor is white with a central drain. The background is a light-colored wall, and the floor is made of terrazzo tiles. To the right, a bathtub is visible, and a window looks out onto a lush green landscape. A potted plant is in the bottom left corner, and a woven rug is in the bottom right corner. The overall aesthetic is clean and contemporary.
